Story Submission Tips

Is your Society on a mission to target new members?

Trying to increase awareness and target a wider audience on campus?

Attempting to build, maintain and manage the reputation of your society?

Here's the solution: Make a story submission to expliCIT magazine

Tips for writing an article:

- Write your story in microsoft word or directly into an email document
- Read over your article and spell check
- Between 200 - 600 words is ideal. Don't forget to include the important details: Who / What / Where / When
- Include a picture or photo if possible ensuring that it's 300dpi or a decent enough resolution for printing (you can email us your pictures and photos for inclusion without an article to accompany them. Just make sure that they are well captioned)
- Submit everything by email to: **CorkSUPublications@su.mtu.ie** or call into the Students' Union office.

Further information on expliCIT, full spec details, past issues can be found at:

www.MTUCorkSU.ie

We are always on the look out for interesting articles which appeal to a student audience so if you fancy yourself as a budding writer, please submit your material to us (up to 600 words).
